

Why I Will remain a Lutheran Christian

Hello, my name is Daphne and my family and I have been at Epiphany for _____
_____. I have two sisters, one older and the other younger and we all play sports. I
play basketball and I run distance in track, I also play instruments like trumpet and
piano. Similar to one of my friends, I love animals and care deeply for reptiles. I find
endearment to explore wildlife yet my anxiety gets to me most of the time, but a couple
of bible verses help me overcome my worries and uneasiness.

Epiphany gives me a place to clear my mind and my problems whenever I go to
church. I also enjoy Sunday school, especially when we don't have to do challenges
that include beans and ice water. I'm thankful for Jesus for guiding my family and I
through a journey of being a Lutheran. I'm thankful for being able to see a community
that shares the same beliefs knowing that the Bible is well established.

Prayers bring me delight and comfort when I'm in doubt. My parents taught me
the Lord's Prayer and I say it every night. I love the prayer, to me it's like a statement
about what I believe, similar to a promise.

I'm grateful for the church and confirmation, because they gave me guidance that
I needed to connect with Jesus. I enjoy attending church services and events here and I
would like it to stay that way. I'd be happy to help out with church events and
fundraisers, because I always make exuberant memories with everyone.
